## Cross Country Meet With Vermont Coming

Hill and Dale Men to Start During  
Game With Colby Saturday

Arrangements have been completed by Mr. Foley for a dual cross-country race with the University of Vermont on Saturday of next week over the Orono course. Contrary to the announcement in the last issue of the "Campus" we will not race New Hampshire State.

The run with Vermont will be a primer for the hill and dale men in preparation for the State cross country meet at Brunswick on Nov. 5th. The start will be made at the end of the first period of the Maine-Colby game and the finish will take place between the halves. The men will run in thru the gate by the Sigma Nu house and around the track, finishing before the grandstand.

Tryouts for the team will be held the first of the week. There is plenty of keen competition for berths on the team. The men who will represent the Blue will not be known until after the trials, but we may expect Captain Johnny Barnard, "Midget" Raymond and "Bub" Herrick to head the list.

Here is a branch of college athletics that the students of Maine are failing to support as they should. There is nothing spectacular about cross country, but if one looks beneath the surface, he will find that cross country is a sport that is really worth while, a sport that can really show the spirit of a college by the work of its representatives.

In the past Maine has upheld her supremacy in this sport with the grit and endurance of the members of the team, backed by the famous Maine spirit of the student body manifested throughout the entire cross country season.

This year, as in former years, the same spirit must be shown if we expect the usual success in our cross country team. It is hoped that more students will be along the course and also at the finish in back of Winslow Hall every night. This will show the members of the squad that the same Maine spirit pervades the student body as in years past.

Get behind the team and help add another championship to Maine's record!

## Hallowe'en Party To Be Given in Gym

Hallowe'en is almost here again. Hallowe'en is the time of spooks, witches, black cats, broomsticks, and every weird thing that one can imagine. If you want to see a real hallowe'en dance come to the big hallowe'en carnival that the Y. W. C. A. is to hold in the gym Friday evening, Oct. 22.

There are a number of committees working on the affair and they hope to make it the big Y. W. event of the year. It will probably take the place of the usual Y. W. play that is usually held during the winter.

The following are the chairmen of the different committees: Hope Perkins and Gertrude Farnham, decoration; Iva Barker, refreshments; Frances Dunning, music; Avis Strout, dance orders; Bernice Smith, posters.

Music will be furnished by the Six Syncopaters.

Dance tickets, \$75 per couple.

## Y.W.C.A. Holds Very Interesting Meeting

The Y. W. C. A. held its third meeting in Balentine Hall, Sunday evening. The meeting was opened by a hymn followed by a violin solo by Betty Hunt accompanied by Frances Dunning. Doris Twitchell gave a short talk on "Ten Days with the Y. W. C. A. at Long Island and Katherine Sargent gave an interesting account of the Y. W. C. A. Conference at New York. The meeting was closed with a hymn. Everybody should attend these meetings as they are really worth while.

## What B. U. Men Thought of Maine

The Maine Hello Again Comes to  
the Front and Proves its  
Worth

The students at the University should certainly feel complimented and mighty proud to read the following article which appeared in the Boston University weekly paper. It was headed "Why Not at B. U. as Well as at Maine?" The article is as follows:

"Down at the University of Maine, where B. U. grappled with a hard hitting, clean playing football machine a few weeks ago to a scoreless tie, there is a noticeable custom which was remarked upon by more than one of the 23 B. U. football men that made the trip into the enemy's country.

"Every Maine student speaks to every other. Every Maine freshman says 'Hello' to every upperclassman and to his classmates. The thing is a tradition at Maine. Everywhere care is taken to perpetuate it, for its value is known. The Maine Campus, the college paper, bears in each issue the slogan, 'Don't forget the Maine Hello.'

"Whether you know him or not, you greet your fellow student with a cheerful word when you see him, if you are a Maine man. The custom works wonders in crystallizing a university spirit and a sense of fellowship that is worth much more than the effort required to keep the custom going. The B. U. men who went to Maine recognized that fact.

"Granted that the 'Maine Hello' is a good thing, then, why not have a similar custom at Boston University? It would do much to knit the departments of the university together, and develop a sense of unity in the student body. To be sure, there are practical difficulties in the way of the thorough application of the rule. Unavoidable conditions need be reckoned with which never exists at a campus college.

"But is not the thing worth the trial? Emphatically, yes. It would be one more step in the unifying process that with a giant cumulative effect is sweeping on and making its atmosphere effective in every department of the university.

"Say 'Hello' to the next man. It's worth it."

## "Campus" Has Interview With Coach Baldwin

He Says Morale of the Team De-  
pends on How We Support  
the Players

Coach James Baldwin, professor of physical education is one of the busiest men on the campus these days, trying to develop a football team worthy of Maine and her wonderful gridiron record. He has only 5 letter men from last year's team, a few experienced football men and a lot of green material.

In an interview with a representative of the "Campus" Coach Baldwin stated that, although defeated by Harvard and Brown by larger scores than were anticipated he is satisfied that every Maine man fought his hardest and gave everything he had to win. These two games have led him to interchange several men and to strengthen certain weak points in the offensive and defensive.

COACH BALDWIN

This week he will call for secret practice, but expects to put the men through the same grilling work that they have been undergoing.

Coach Baldwin says that he, as well as the team, appreciates the way the student body is behind the men. He believes that this spirit of cooperation, fight and pep that has been manifested, is a great factor in the morale of a team.

So it is up to the student body to support our team in every possible way, more so at this time because of our late start and the nearness of the state series.

Our second team was defeated at Waterville Saturday by Colburn, 31-0. The first score was made in the first period by Frageva, who went through from the kick-off. He also made the second touchdown. In the second half, a forward pass put the oval across again. Levee could not kick the goal. The last score was made by Comolli, and Levee kicked the goal. The line-up:

## Y.W.C.A. Rest Room Inadequate for Needs

Last year the needs of the Y.W.C.A. became so great that a rest room for the accommodation of the girls was greatly in demand. A thorough search for a suitable room was made and the only one obtainable was the room on the top floor of Fernald Hall. This room has been enjoyed as a rest room by a large number of girls during the last year. Although one has to climb a long flight of stairs, the reward is surely worth the effort. The girls take great pride in keeping the room neat and orderly and it presents a very homelike appearance. Books and magazines are brought in by the girls and every effort has been made to keep the place attractive.

This room has been of great benefit to the off campus girls who are thrown on their own resources during their spare time. It affords a place where the girls can stay and rest, and it also gives them a place to stay during lunch hour.

We are all very proud of the progress of the Y. W. C. A. and it is to be hoped that in the near future a larger, more convenient room may be had for its use.

Pit—What became of that shimmy dancer you used to go with?

Pat—She shook me.—Cartoon—University of Nevada.

Maine played Rhode Island in a 7 to 7 game on a very slippery and soggy field Saturday afternoon before a large gathering of the student body. Capt. Smith won the toss and chose to receive the ball. Maine suffered severely by numerous fumbles of the ball giving Rhode Island her first chance to score. This placed the ball on Maine's 20 yard line and after nine rushes and persistent plugging Rhode Island managed to put the ball over the goal line. Nordquist took the ball over and Beck kicked the goal. Rhode Island kicked off to Maine and Captain Smith ran the ball back 10 yards after two unsuccessful tries thru the opponents' line Maine kicked to Nordquist and he was downed in his tracks by Roemer. Rhode Island could not seem to gain thru the stonewall defense of Maine and she then kicked to Murphy who signaled for a fair catch but he was tackled by Morey and Rhode Island was penalized 15 yards. Maine was then held for downs. The quarter ended with the ball in midfield. McKechie and McLeod turned in some fine tackles in this quarter.

Second Quarter  
Rhode Island tried to gain by the aerial route but was unsuccessful. Capt. Smith speared one of Nordquist's forwards and ran it back 12 yards. Foster then took the ball around Rhode Island's right end for 10 yards more, but Maine lost the ball on a fumble. Rhode Island did not keep the ball long for Foster grabbed a forward pass out of the air and ran 9 yards before he was downed. Capt. Smith made 11 yards thru right tackle, but on the next rush Maine fumbled and Rhode Island re-

## Game Parades Offer Great Chance for Improvement

Let Everybody Show Proper  
Spirit and Join Parade Next  
Saturday

The lack of upper classmen and freshmen in the parade from Alumni Hall to the Football games has been noticeable for some time. The appearance of about 90 students lead by the 40 piece band was certainly discouraging last Saturday. Think of the Alumni returning to see a little real college spirit not able to get a seat on the bleachers and viewing about nine per cent of the men in the parade. Do you imagine for one minute that such a showing will help the Maine spirit, that spirit which should live longer than the University itself? There is only one way in which this fault may be corrected and that is to have you personally in that parade next Saturday. Can you picture the effect on the Bates supporters to see our bleachers absolutely empty? The Band comes on the field and the parade extends the entire distance around the track. Think this over. It will be worth while.

## Practise House Girls Have Hike and Feed

The P. T. girls enjoyed a hike and a hot dog roast Thursday night. At half past four a group of about sixty girls hiked to Standpipe Hill. When the crowd had assembled, the dogs were roasted, the bread was toasted, and the coffee was made. Everybody gathered around the fire, toasted marshmallows, and sang the college songs until the time came to hike back home.

## Editorial

Letter men are looked up to by the students who have no athletic ability. And the students fully realize that it is a big honor to have been awarded a letter. But they do not appreciate the fact that hours and hours of hard work have been put in to get that letter. They do not know of the hard fighting, the bumps and falls, and the fatigue that the letter men have had to go thru. They do not realize that every night after one or two or three hours of hard work in the afternoon the men out for their letters have to come in and spend half of the night studying to keep eligible. It does not occur to many that they have a lead of three or four hours of study over the athletes.

It is the athletes that make this place what it is. It is their sacrificing good times, their receiving the bumps and falls, the slurs, their hours and hours of practicing, their weeks and months of training that make this campus a fit place to live in. Were it not for these men and their sacrifices, this place you would never have heard of, and well too for you would not have come if you had.

Now the majority of us are just common ordinary students but it must not be said that the athletes are the only Maine men who show Maine spirit. If the student body as a whole is not willing to give a couple of hours a week for Maine, the University ought to be closed. It is not worthy of the efforts of those that are doing something to help our Alma Mater. We cannot make ourselves believe, however, that the student body has no spirit. The spirit must exist somewhere but as far as can be seen it is in a very dormant state.

It is evident that the student body owes an apology to the athletes. We are going to apologize right now and get a move on immediately. Friday night we are going to have a rally and show the old time spirit. We are going to practice all the cheers so we will show them Saturday. We are going to set up the team and the coaches. In short it is going to be a practice game for our big game. Are we going to play? We, who are just common ordinary students? Yes. If there is any spirit in the student body, we are. We are going to show to our athletes that we are extra-ordinary students. And if we think anything of Maine's past records, if we think anything of our football team we will do it.

Just before the game Saturday each and every student must be at Alumni Hall to march to the field. Bananas will lead us, the band will inspire us, and we will march on to that field in battle array. For if we want the championship this year we have got to fight for it. The team can't do it alone. We've got to cheer as we have never cheered before. We've got to yell, holler, screech and scream. (The latter

two words because the co-eds will be with us.)

Make up your minds now to march with the bunch. The Skulls, Masks, and Owls are going to guard those bleachers and no one will be able to get in the bleachers unless he is in the parade. There will be a seat for everybody so don't worry about that. The co-eds have got to march too. They are going to be at the rally, they are going to be at the game, and they are going to cheer, too.

If there is a man or a woman that will be able to talk after that game it is because he or she does not have the Maine spirit.

## Panhellenic Party Is Great Success

A Panhellenic Party was given by the members of Delta Delta Delta, Alpha Omicron Pi, Phi Mu, Pi Beta Phi to the girls of the college, Saturday evening, in the college gym.

The party represented a country fair, with the regulation side shows, hot dogs, and peanuts.

A scrappy prize-fight and a thrilling duel took place. There was a realistic opium den, a strong man, and a roller coaster. The whole entertainment was one continuous performance of side-splitting stunts.

Everyone went to the party dressed in extraordinary costume—some picturesque, some grotesque, some beautiful, and others horrible.

## Concise Instruction Given On Use of the Library

General Reference Works and Encyclopedias Furnish Vast Information for Reference

Would you look in an atlas to find out how to spell a word? Anyone knows better than that, but some students show just as little knowledge of how to use the Library, when they come in and walk straight to the card-catalog, no matter what kind of material they want. Here are a few "don'ts" to show the short-cuts to information you may find more quickly by *not* using the card catalog.

Don't use the catalog for isolated facts or statistics; you may find the answer quickly in the World Almanac, the Statistical Abstract, the Maine Register, one of the year books (American, Statesman's or New International), or one of the dictionaries. Facts about noted living men may be found in Who's Who in America, or in the English Who's Who. Learn to know and to use these *general reference books*.

Don't look in the card catalog for a book that has been assigned in class; if you don't find it among the "Reserve Books," ask any one of the library assistants about it.

Don't use the catalog if you want only *very general information* about a subject or about a noted man. Learn to find this in one of the encyclopedias. The latest is the *Americana*, and *Nelson's* is kept up to date by its loose-leaf feature. The *Britannica* has the most complete index in its extra volume and the *New International* treats subjects in a more popular way. The *Catholic* and *Jewish* encyclopedias give much general information that cannot be found in the others.

Don't look in the card-catalog if you want only the *very latest material* on a subject; use one of these indexes to magazine literature and learn how to find whether the article you want is in the Library. 1. Reader's Guide. 2. Reader's Guide Supplement. 3. Magazine Subject-Index. 4. Document Catalog (for publications of the U. S. Government). 5. Industrial Arts Index (for scientific or technical material). 6. Engineering Index Annual. 7. Agricultural Index. 8. Dramatic Index. 9. Book Review Digest. 10. Poole's Index (for material before 1900). Many of these indexes come out every two months.

Don't hesitate to ask any of the library assistants to help you find what you want.

Mr. James D. DeRocher and his mother, Mrs. DeRocher, visited the Theta Chi house last week. While there, Mrs. DeRocher was matron at the dance.

Jack Dempsey knows the number of ties on the track from here to Stillwater. We wonder why.

Raymond Rush could not find the inscription he was sent to find on a certain tombstone across the river.

The Round Table gave its annual dance on Columbus Day afternoon. Many of the students had gone home for the holiday, but this fact did not prevent a large assembly. A Paul Jones, which was played the first part of the afternoon, made the crowd acquainted. Ice cream cones were served for refreshments. The dance lasted until five o'clock.

If working with the hands becomes much more remunerative, it will become respectable again.

## Facts and Opinions On League Covenant Started

Test Card Here Quoted As Suggested by Institute for Public Service

The following test is suggested by the Institute for Public Service, New York City, in its bulletin issued today, urging voters and future voters to study this important document. The bulletin gives the Covenant in condensed form, with explanatory captions for each article, the seven attitudes of the American public toward the League, sixty questions and the test card which follows. What is your score on this test?

1. The League of Nations aims to prevent war.
2. It promises League force against revolutions as in Ireland for independence.
3. It contains the Hague peace tribunal.
4. It will not be organized until U.S.A. joins.
5. Ex-president Taft is a "bitter-ender" opponent of the League.
6. Mexico helped draft the Covenant.
7. It is part of the Treaty of Versailles.
8. It does not mention Shantung.
9. It guarantees to Japan its new rights to Shantung against Chinese opposition.
10. It guarantees Russian Sovietism against attack by another nation.
11. It permits secret treaties.
12. It would not take steps to prevent war until two nations had actually started war.
13. It will not let Germany join until ten years after paying the war indemnities.
14. It would not take action to prevent war between two nations not belonging to it.
15. It pledges members to work for fair and humane conditions of labor.
16. U.S.A. and Panama would each have one vote in the Assembly.
17. U.S.A. might be excluded from the Council by majority vote of the Assembly.
18. It promises disarmament.
19. It leaves to each nation to decide how big its armaments shall be.
20. If any member violates the Covenant all other members will refuse to trade with it.

## Bates Game Rally to Be Held Friday Night

The first of the state series rallies will be held in the gym Friday night. This will be the first big rally of the year. The band will be out in full force and the speeches will be the kind you used to hear in "the good old days." If you have been to every rally this year come to this one Friday night or you should "rate the tub."

### A FEW DON'TS

Never use matches to light cigarettes. Use a burning glass. This takes a trifle longer, and confines your smoking to sunny days, but that is not important beside the chances of setting fires.  
Do not rake hot coals out onto the kitchen floor. They are apt to burn thru down into the cellar and set something afire.  
If you must smoke in bed provide asbestos coverings.  
Always make sure that your life insurance policy has not lapsed before lighting a fire with gasoline.  
If possible, hire a tenement over a fire station. This sometimes prevents fires.  
Unless you are exceptionally quick motioned, do not scratch matches on paper trousers.

**D**ON'T take a fellow's pipe. Take some other possession. Because wrapped up in his pipe is a fellow's peace of mind, his relaxation, his contentment. This is more than true if it's a WDC Pipe, because then a good smoke is multiplied many times over. Our special seasoning process takes care of this by bringing out all the sweetness and mellowness of the genuine French briar. Just you go to any good dealer and select several good shapes. Put them in your rack. Smoke a cool one every time, and you'll be well on your way to pipe-happiness.

#### Maine Holds Rhode Island to Tie Score (Continued from Page One)

covered. After two tries at Maine's line Rhode Island tried another forward, and Small gathered the ball into his arms and ran thru a broken field for 30 yards before he was tackled. Maine was on her way to a touchdown when she was penalized half the distance to the goal line for unofficial blocking. The half ended with the ball in midfield. Foster did some star tackling in this quarter.

#### Third Quarter

The second half opened with a big cheer on the part of the student body when Ginsberg, Maine's fighting quarterback, took the field in spite of his injured knee that he received in last Saturday's game. Maine kicked to Rhode Island, and after rushing the ball for a short distance in two downs she kicked to Ginsberg who ran the ball back 10 yards. Small then took the ball thru right guard for 6 yards. Maine chose to punt and Rhode Island ran the ball back 2 yards and then punted the ball back to Maine where Ginsberg ran it back 5 yards. Captain Smith made 5 yards thru left guard and Ginsberg ploughed thru center for 9 yards more and then Bisson made 6 yards. Ginsberg took the ball again thru center for 6 yards. The next play resulted in a touchdown for Maine by a fine forward pass executed by Ginsberg to McKechnie who ran 25 yards for the touchdown. "Pat" Hussey kicked a pretty goal. The quarter ended with the ball in midfield. Captain Smith and Roemer starred in the tackling of this quarter.

#### Fourth Quarter

Maine punted to Rhode Island on her 20 yard line where Kirby ran the ball back 10 yards. Maine was offside and she was penalized 5 yards. Rhode Island kicked to Maine on her 20 yard line and after two unsuccessful tries at her opponent's line she kicked to Rhode Island. Again the aerial route was tried but Captain Smith speared another forward pass and ran it back for 5 yards before he was downed. Maine was off side. Maine kicked to Rhode Island who returned it to Maine's 45 yard line. Bisson made 6 yards thru right tackle. Rhode Island was penalized 10 yards for having 12 men on

the field. Maine tried a forward pass but it was incomplete. The game ended with the ball in Maine's possession on the 50 yard line.

#### Heck Ball Proves To Be Fine Syncopation Party

The much-anticipated Heck Ball was given last Friday evening and proved to be a great success.

Dancing began at 8.30 to the jazz of the "Six Syncopaters," and ended, much too soon, at twelve o'clock.

The gym was decorated with wheat sheaves, corn cobs, pumpkins, and squashes. In one corner was a livestock exhibit an entertaining feature of the affair. We wonder how many hen feathers found their way to various "M" Books.

The following committee was in charge of the dance: "Bus" Walker, chairman; "Hoss" Dobbins, "Hickety" Hawkes, "Our Charles" Eastman, "Tige" Hall.

Doris Eastman '21 is at home this fall but will return in the spring to complete her course.

#### Phi Gamma Delta Has Its First Party of the Season

Omega Mu of Phi Gamma Delta held their first informal dancing party of the year at the chapter house last Saturday evening. The party was attended by twenty couples and dancing was in order until midnight. Al Johnson's four piece orchestra furnished music for the occasion. Punch was served during the evening and refreshments were served in the study rooms. Mrs. Murray of Hamden Highlands acted as hostess.

#### Let's Go from Brunswick To Portland Victorious

Let's go to Bowdoin! The game we are going to play in Brunswick on November 6th is sure to be one of the most exciting of the season. Why can't we all get together and go down on a special train? Of course we mean to win, and when the game in Brunswick is over we will go in a body to Portland. Let's plan then on making it a double trip. The team can put up a better fight if we are there to cheer for them and make a good showing of blue and white. There have been games out of the state which we could not attend and now that the season is about half over, we ought not to miss another game. If we all had the right spirit we could swamp that Bowdoin campus! Haven't we got it? Of course we have and we're going to Bowdoin every one of us that can get away. We're going down there and we're going to put so much pep into our team that they can't lose! We want to win, and we want our victory cry to be, "On to Portland!"
